

DID YOU KNOW...

That using the **Same Chemical** (Adulticides) year in and year out, **Without Change**, can lead to **Chemical Resistance in Mosquitos?**

This means Less Effectiveness &

MORE MOSQUITOS!

It's easy to become complacent using what you've always used.

DID YOU KNOW...

Changing Chemicals is as Easy as **1-2-3.**

1. Contact **PHESCO** to determine needs
2. Make sure equipment is calibrated properly
3. Kill Mosquitos!
